LETHBRIDGE NEWS: Miss McIntyre left for Edmonton on Wednesday morning's train, going via MacLeod. Miss McIntyre is one of, if not the, best teacher of young children here, but the parents who had child ren learning under her, deplore her loss and feel that the trustees should have made an extra effort to retain her here, although, we understand, no opportunity was offered them, as she has relatives living in Edmonton whom she wishes to be near. She was the recepient of a handsome present from her class before her departure.

THE Winnipeg Telegram has changed off a little from its perpetual song of Sifton. Commenting on the result of the Bagot, Quebec, election, it reached the conclusion that as Quebec had soured on the conservative party, the party would do well to drop the school question, which was really the Quebec question. Both the French papers in Manitoba are treating it to what it calls "insolent threats" and to which it replies in lively style.

THE telegraphic report of a few days ago that the Blackfeet Indians were making trouble, arose from the fact that some of the ranchers on the Red Deer, north of Medicine Hat, had complained that some of their cattle had been killed by Indians. These Indians are not Blackfeet, but a wandering remnant of non-treaty Cree who are perfectly harmless, but whose antelope hunt had been a failure and they had taken, or threatened to take, cattle. The Medicine Hat News mentions that a police corporal and two men had gone north to look into the matter.

EDMONTON BULLETIN, JAN. 5TH, 1899.

EXPLANATION.

The wide difference between the price paid for strictly No. 1 wheat on this market and for lower grades has been a cause of unfavorable comment by the farmers for some time. The explanation offered by the buyers is as follows: The local mills, or the mills which being nearer Edmonton than to any other wheat raising centre find it profitable to draw their supply from here,—that is the mills at South Edmonton, Fort Saskatchewan, Calgary and Enderby, B. C.,—require more wheat than the district furnishes of No. 1 quality. Therefore in order that they shall have all the best of the wheat the mills pay a price somewhat above what it is worth for export. But taking all grades of wheat the district produces much more than the mills can grind. Therefore a large part has to be exported, and of course only such price can be paid as the wheat will realize on being exported. As the higher grades are kept at home and the lower grades exported, it follows that the difference here between the price of No. 1 and No. 3 is greater than the standard recognized in Manitoba, where all the wheat is as a rule purchased on an export basis; not because the lower grades here are graded lower, but because the higher grades draw an extra price. At Winnipeg the difference between No. 1 and No. 3, is about 7c.

THE latest development in the Galician murder case at Stuartburn, Man., is that Czuby, the prisoner at first arrested, has confessed in court implicating Wasyl Guzezak, the principal crown witness against him. He swears that Guzezak suggested the murder of Bocjeczko to him in order to get $50 which he was known to have. That they went to the house together, and while Guzezak shot the children and then chopped them with the axe, Czuby got the $50 from Bocjeczko, and then killed him with an axe. Will the Galician newspaper organs throughout Canada kindly note: 1st, The motive for this murder. 2nd, The circumstances under which it was committed. 3rd The difficulty experienced in bringing home the guilt, although there was no attempt at escape, and almost none at concealment. And say if anything approaching this crime ever occurred in Canada before, or could occur amongst any other class of people as yet inhabiting Canada. Will they further say if they consider the addition of large numbers of people amongst whom such a crime is possible—and amongst whom there is reason for believing such crimes are not uncommon,—is desirable? A short and straight answer is respectfully requested.

LESSER SLAVE LAKE.

Constable Phillips, of the N. W. M. P., is in receipt of information of the death of Ernest Layton at Red Deer river, Grand Prairie. The news was brought in by Louis Hamelin, a trader. Mr. Layton was an Englishman, so the letter states, and was prospecting. The news is very brief, simply stating his name, nationality, cause of death, rupture, and that he is buried on the banks of the Red Deer river, Grand Prairie, N. W. T.

The road is opened from here to St. John, and is very fair. Splendid time is being made. Two weeks is common time. Freighting as a business will flourish here as it did in the early days around Edmonton, as the surrounding country is tapped by trails suitable for wheels.

All the traders are making preperations for the treaty. Without any exception they are having some repairs done or outbuildings put up.

Competition for fur is very keen here this year on account of the number of traders doing business. Plenty of fur is being brought in and good prices are being paid. Bear are exceptionally well furred this year.

As the treaty time slowly draws nearer, a little more talk is being indulged in on that subject. Some wide differences of opinion are expressed by the different leaders among the natives here. In but few cases do they talk rationally on the subject. Such statements as, "We can't fish when we like"; "They won't let us get any more wood"; "Perhaps they won't let us trap," and such like. Argument is turned against them of course by the few men here who really do understand about the treaty; but like every other advancement there are others who endeavor to kill by false statements and prejudiced argument the good work of those who do honestly try to explain away wrong notions in the minds of the people. I heard a man get off a statement the other day that is a fair sample. He told a man who was explaining to a native that he was mistaken in his ideas: "That he had better dry up. The government would send up men to make promises that cut no more figure than just for the time being." He was immediately closed up of course. Still these men get in their work on the q. t. The natives are very quiet and orderly folks, having a very praiseworthy respect for the law. The police are in a great measure the cause of that. The detachment here is a very able one, both Constable Phillips in charge, and Constable Fields, speak Cree very well and are popular, and do splendid work. All little disputes (that will arise in the best regulated families) are settled amicably, as drawn battles are a characteristic of the Indian. Consequently their life, so far as little spats are concerned, is a happy one.

Everything is at fever heat, if it is 10 below; a paradox you'll say. But Xmas and New Year in a half breed settlement is no small matter. Such preparations for the week's doings! parties and dances galore! It's hard to tell which to take in, so as not to give offence. The traders have a cayuse and jumper hitched up, and when two or three events happen on the same eve, they take them all in for an hour or two at each, "one way of cutting ice."

I just forget whether I wrote you that a local belle was going to give a five o'clock tea. At any rate the rumor is true, with variations and changes. The five o'clock tea is going to be a tea dance," a very delightful time killer, where the bang of the tom-tom drives all attempts at thought from the mind, and the kyi-yie of the singers recalls the days when a dime novel was the occupant of your small trouser pocket. Some of the first families in this district will be represented there, so I'm told, and as the affair is held in a brush teepe down the shore, where the cool breezes of Lesser Slave lake get in their fine work, "a hot time" is not expected.

SPOKANE PRICES, DECEMBER 26.

The Free Press says: "The wheat markets on Friday were again strong and surprising advances were made in some of the wheat centres. Wheat is steadily advancing and the predictions of the sanguine brokers are commencing to be realized. Sales were made Friday by local members on the grain exchange at the following prices delivered at Fort William: No. 1 hard spot 68 cents, last half of January 68½ cents, No. 1 Northern 64½ cents. The advances made at the chief centres are as follows: New York, Dec. 1 cent and May 1½ cents; Minneapolis, Dec. 1½ cents and May 1½ cents; Duluth, Dec. 1½ cents and May 1½ cents; Chicago, Dec. 1⅝ and May 1 1-8 cents. Duluth, No 1 hard sold Friday at 69 7-8 cents.

Saturday, Dec. 30: Fort William buyers 68c, sellers 68½c. In Chicago wheat for May delivery closed at 71⅞c. An advance of a fraction of a cent is noted in all markets over the previous day.

WHITEFISH LAKE RESERVE.

A most successful entertainment and Christmas tree was held here on Xmas eve. The school was packed with Indians, old and young. The chair was taken by Rev. Mr. Glass, and the evening's fun commenced by a speech by Chief Pakan. Songs, recitations, &c., quickly followed by Messrs. Glass, Tomkins, and Smith, Mrs. Glass, Lizzie Apow, Edith Steinhauer and others. A dialogue by the little pupils of the boarding school was very good. Santa Claus arrived from the far north, and after a few old Indian steps commenced to relieve the tree of its precious load of good things for young and old. Then everybody stood up and fairly bent the rafters singing "God Save the Queen." The teacher, Miss German, deserves the greatest praise for the generous and untiring manner in which she managed the getting up of the whole affair. Grist mill is running every day. Snow almost all gone. Very poor sleighing. Santa Claus is expected at Goodfish lake soon. Dec. 26, 1898.

EASTERN EXCURSIONS.

The eastern excursions closed on Saturday last. The number of people taking advantage of them from Edmonton station was 99. This is a large increase on any previous year, and is an evidence of the growth and prosperity of the district that does not admit of discussion. A feature of this large excursion travel is that the presence of each excursionist is a living and viable evidence to his or her friends in Eastern Canada as to their individual success in life in the west. This must necessarily result in drawing the stream of Eastern Canadian immigration more strongly to this district than ever before; and it is on the volume of the immigration from Eastern Canada that the hopes of the Northwest depend.

THISTLES VS. SHAMROCKS.

The return match, Thistles vs. Shamrock, was played on the Thistle rink, Edmonton, on Monday afternoon. There was a good attendance of highly interested spectators. The teams were:

THISTLES.

Goal—Aldriege.
Point—McClung.
Cover Point—Benson.
Forwards—Cartier, Campbell, McLeod. Hardisty.

SHAMROCKS.

Goal—Sharples.
Point—McLean.
Cover Point—J. W. Blain.
Forwards—Sutherland, Clark, Richards, R. G. Blain.

Both teams were in uniform. The Thistles in green, white and black and the Shamrocks in blue with a green shamrock on the breast of the sweater.

The first goal was taken by the Shamrocks in the first few minutes. But victory ceased to smile upon them and the Thistles scored seven consecutive goals before time was called. Campbell, of the Thistles, shot several teath during the game.

A. E. Cross was referee, and Dr. Cunningham time keeper.

CHRISTMAS TREE AT EDNA.

A very successful social, with Christmas tree was held in Beaver Creek school house on the evening of 23rd Dec. About 150 in number attended. Some coming from quite a distance. The success of the meeting was largely due to the organizing qualities of Miss Knapp, school teacher, and Miss Trudgeon, ably seconded by Alf Gray, Carl Magee, and the brothers Trudgeon. The social opened about six p. m., and closing at 10 p. m. The Rev. Mr. Holyer, of South Edmonton, was chairman, and ably and quickly fulfilled the functions of that office. Tea was flowing freely, with abundance of cakes, cookies, &c., &c. After this the programme, which was quite lengthy, was gone into, consisting of recitations, dialogues, songs and club swinging. Miss Trudgeon seems a professional with the clubs, and deserved the applause bestowed on her, whilst her recitations were greatly appreciated. Mr. Williams, Egg lake, was also good at the clubs; he seems to shine in such manifestation. Mr. Kinnack and son added greatly to the pleasure of the evening. R. Kinnack, Jr., being the violinist, whilst their singing of the "Larboard Watch," was really fine. Mr. Kinnack gave readings also. Humphrey Trudgeon gave the song "Where did you get that hat," with great effect, and to encore, "Comin' thro' the rye," very effectual song indeed. Mr. Maitland sang, "The Campbells are comin'," also gave a song called "Fair Klondike," his own composition, remarking at the time that Beaver Creek wasn't so far behind after all, when it could produce poetry; to encore, Mr. Maitland gave "Comin' thro' the rye," also "Within a mile of Edinboro' town." The children's pieces were well selected, and by the way they passed through the ordeal, it reflected great credit on their teacher, Miss Knapp. Helen, Annie and Johnnie Campbell, Annie Hackett, (quite a marvel for her size and age) Maud and Frank Magee, Dannie, Hattie and Hazel Riley, these all shew great progress in their education. Then Santa Claus appeared on the scene bringing (with his fur coat and frozen whiskers) quite an assortment of gifts for the young ones. Carl Magee and Amos Riley received "Klondike nuggets" of great value $—. "God Save the Queen," sung by all standing finished a most enjoyable meeting. To the ladies of the district all praise is due in their supplying the good things of this life. We noticed quite a number of strangers present: Hamilton and Holt, Egg lake; Mr. Stafford and family, Beaver Hill; whilst from Creekford we noticed Miss May Harris, Mr. Anderson and wife, Miss H. Magee, Mr. Yerex and family, I. McLean, and from Limestone lake we noticed Mr. Numian, I. Steele and others, Mr. Shackleton, from Beaver Hills; the Garret Bros., and Miss Garrett, R. Swan and wife, N. Swan and wife, the brothers Stasiuk, Two Creeks, with many more. The weather was fine, and everything went "merry as a marriage bell."

A voluntary collection produced $8 50.

BEAVER CREEK.

Births—Mrs. A. Whitesides and Mrs. W. Hackett of daughters.

J. Hackett has gone to the Landing with two teams. Mrs. Hackett is somewhat better in health.

A few folks here have been busy getting out saw logs. Now a rumor is afloat that the quantity is not sufficient to bring a saw mill to the settlement. This school, also Creekford, is now closed until, perhaps, April.

Mr. Powell, six miles south of the Victoria trail, has purchased and is wintering 160 head of cattle. Mr. Powell had over 100 acres of grain hay. The hail storm in the summer increased his crop. Mr. Magee has retired from the White Whale lake reserve. Kit Watson and family are in occupation of Andrew Lang's place. A public meeting in the school house to-night "To talk flour mill" with P. Mohr & Co. Some folks are satisfied with "stones" while others say, wait for a "steel plant."

Quite a lot of beef steers are being fed around here. A change in the weather. Lots of wind and freeze; no snow. Dec. 29.

Silver button, Douglas, 32.

Bronze button, Dunn, 28.

The following matches in the series for the patroness' prize have been played.

Goodwin,	Douglas,
"	Dunn,
"	Johnson,

The four gold medals to become the property of member of the winning rink, donated by the patroness, Mrs. Frank Oliver, are on view in E. Raymer's window.

The draw has been made for the Hudson's Bay Co bonspiel, but play will not commence for some time yet.

EDMONTON MARKETS.

Wheat is up to 50c for No. 1 at the elevators. No. 3 brings 35c.

Oats stand at 19c to 20c for best feed, and 23c to 24c for best milling in South Edmonton, and 17c to 19c in Edmonton for best feed.

Very little grain is being delivered as the roads are so slippery that one trip to town will wear out a set of horse shoes so that they have to be sharpened again. To get a set of shoes sharpened for each load would be too expensive to the farmer.

Hay is becoming scarcer in town owing also to bad roads, and $5 is the price. There is abundance of good hay in the country, as very little has yet been fed to cattle.

Butter plentiful at 16c to 20c.

Eggs in moderate supply at 25c.

COUNCIL MEETING.

Tuesday, Jan. 3rd, '98.

Present Mayor Edmiston, and Councillors K. A. McFeod, K. W. MacKenzie, A. E. Jackson, J. H. Picard, A. Brown and R. Secord. The members of the council were duly sworn.

The following standing committees were appointed:

Finance—MacKenzie, Secord, Jackson.

Board of Works—McLeod, Jackson, Brown.

Fire, Water and light—Jackson, MacKenzie, Secord.

License and Police—Picard, McLeod, Brown.

Health and Relief—Secord, MacKenzie, Picad,

Hall and Market—Brown, Picard, McLeod.

F. K. Gibson, clerk, and G. R. F. Kirkpatrick, secretary-treasurer, applied for re-appointment.

All applications for official position lie over until next meeting. Services of present officials are retained until then.

A letter from E. Raymer regarding sale of lot to open Queen's avenue into Jasper avenue was received and filed until next meeting. Mr. Raymer declined to put a price on the part of the lot which projected on Queen street, as to cut off that part of the lot would reduce the remainder to a wedge, owing to the way in which it was surveyed. He asked $100 a foot for the whole frontage of the lot and $500 for the building.

Secord's name was added to the committee appointed to wait on Mr. Raymer.

Picard—Secord moved that $60 be offered for a complete audit of the town books for the past nine months. Lost.

McLeod—MacKenzie moved that applications for position of auditor of accounts of '98, be received by the clerk up to Jan. 17th. That the salary be $80, the work to be completed by Feb. 15th. Carried.

Several communications were filed until next meeting.

COMMERCIAL QUOTATIONS.

The Winnipeg Commercial quotes Winnipeg prices for oats on Dec. 31st, 25c in car lots on track for feed quality, 26c for good No 2 white oats of full weight per bushel. Farmers' prices in Winnipeg range from 23c to 28c. Milling oats are high as country points in proportion to Winnipeg price.

It quotes street prices 54c to 56c for choice hard wheat delivered at mills which is a cent above last week. No. 2 hard is 3c a bushel less. At Fort William No. 2 hard and No. 1 northern are worth 3½c less than No. 1 hard.

The Commercial attributes the recent rise in wheat to speculative enterprise, rather than lessening supply or increased demand. Prices may continue to rise, but there is nothing in the actual situation to ensure that they will.

PROFITABLE LOW GRADE ORE.

That the profits of a gold mine depend more on the quantity and the ease with which the gold is extracted than on the richness of the assay is proven by the report of the Consolidated Gold Fields of South Africa (Ltd), June, 1898, handed the BULLETIN by J. V. Carpenter.

As all the world knows the gold mines adjacent to Johannesburg in the Transvaal republic are amongst the greatest gold producers and the most profitable in the world. In mentioning the claims which are the property of the company the report speaks as follows:

The Robertson shaft encountered the reefs at a depth of 1,173 feet, showing 73 inches, going 19dwts, 23grs.

The Connor shaft encountered the reef at 1,206½ feet. Water came in so fast that progress was slow. 740,000 gallons a day are being pumped from it. Its ore assayed 18dwts.; 13dwts., 9grs.; 44dwts; and 25dwts. The values at 90c. per dwt. would be $16.20, $12, $39.60 and $22.50 per ton of rock.

The Hammond shaft encountered the reefs at 1853 feet, showing an aggregate of 11 feet, 2 inches of reef, assaying 7dwts. 21grs; the leader giving 46 dwts. 10grs. over 12 inches.

During the six months ending Sept. 30th, 1898, 218,530 tons of ore were crushed, yielding 101,501 ounces of bullion, leaving a net profit of £126,000. For the year ending 1st October, '98, the ore crushed yielded on an average 8.78dwts. per ton. During the month of September the average was 9.68dwts. or $8.72 per ton.

The profits of the company are indicated by the recommendation that a dividend of 25 per cent. per annum free of income tax be paid, and that £345,683 be transferred to the reserve. And this from workings going over 1,000 feet in depth and yielding less than $10 to the ton of ore. Clearly large bodies of easily reduced ore are to be desired rather than high assays.

Funeral will leave the late residence of deceased, Second street, river lot 14, tomorrow (Friday) afternoon at 1.30 o'clock for the Roman Catholic cemetery.
